Fall

The Week: In Math this week we finished up our chapter on multiplication. We will continue learning more about the properties of Multiplication and continuing to practice our basic facts throughout the rest of the year. We also tested on topics and themes in Language Arts and are now moving onto author's purpose. In Science we are continuing to learn about animals and their habitats.

Word of the Week: Honor. We talked about the important of showing respect to the people around us. We tied this in with honoring the men and women who have served in the United States military. I also mentioned how it is important to honor parents' and teachers' wishes, so please speak with your children about this over the weekend.

Reminders:
→Tonight is our "Movie Under the Stars" event. We will be watching "Rio" so please be sure to attend if you can. I know I'll be there!
→If you haven't signed and returned your child's report card yet, please do so as soon as possible.
→On November 17 at 8:00 a.m., author Kentrell Martin will be stopping by the school to read his children's book to the kids. You are all welcome to join! I am sure it will be exciting!
→I know it's still a ways off but put this on your calendars now: Our holiday program will be held on December at 6:00 p.m. at Tioga Center Stage. We have already started practicing our songs and the kids can't wait to perform for you!
→In the children's folders is information regarding the literature projects and deadlines. Please be sure to read that carefully.
Trivia Question: Answer the following question for **10 credits!!!** Write your answer somewhere on this newsletter. Your parents may (and are encouraged) to help you.
"To which country does the island of Bermuda belong?"

Spelling List (mixed review)

veteran	buckle	leadership	honor	unite
educator	responsible	backbone	vertebrates	fiddle
