

Healthy Learning Academy
October 2, 2015

Dear Parents,

WOW: Responsibility. Ask your child what responsibilities he/she has at school, with friends, and at home.

Questions to ask your child: Do Alligators have ears? What happens when an alligator loses a tooth? What shelf work did you learn this week? How many clam shells were there in the estimation jar? How tall are the sugar snap peas? What stories were read this week? Clues: Puffer fish, pumpkins, witches, and feelings. Also ask about art and PE. What new skills are you learning right now?

Reminder:

October 16th. Box tops are due by Wed October the 16th. Thanks so much for collecting **box tops** for the playground.

Tip of the week: Have your children help pack their lunch! When the children do participate...even if it is making a particular lunch/snack request, they are eager to gobble it down. Of course, the lunches your children eat help fuel their bodies to play, learn, and grow.

Thanks for all you do!

Kindly,

Ms. Sydney
