

The Trujillo Times
April 1, 2016

The Week: Testing, testing, testing... We successfully completed our FSA testing this week and I am proud of how hard the class worked. Many of the children commented afterwards that it was all very easy and even a bit fun! ☺

Next week we will be back to semi-normal school days. Things will still be a little different when 4th and 5th grade have to test but homework will go back to normal.

Word of the Week: Confidence. A feeling or belief that you can do something well or succeed at something. We chose this word this week to inspire the children who had all that testing!

Reminders:

→Next **Friday, April 8th**, is a teacher work day so there will be NO SCHOOL!

→Even though we are done with FSA, 4th and 5th still have a few weeks to go so it is **imperative** that everyone arrived to school on time each day.

→Continue to practice basic facts at home with your child each day.

→Report cards will go home **Thursday, April 14th**.

→Our next PI night is **Thursday, April 14th**.

→Please complete the TIPS assignment I sent home by **Thursday, April 7th**.

Trivia Question: Answer the following question for **10 credits!!!** Write your answer somewhere on this newsletter. Your parents may (and are encouraged) to help you. "Which national park, sited on a potential super volcano, is shared between Wyoming, Montana, and Idaho?"

Spelling List (Academic Math Words)

analyze	data	bar graph	frequency table
