

Weissler Weekly

April 22nd, **2019!**

- **Screen Free Week** will be held the week of April 29th – May 5th. During Screen Free Week, the students will chart the alternative activities they did instead of being in front of a screen. Some examples are going for a family walk or bike ride, playing a board game, reading a

book, cooking dinner together, start and or work in the garden, etc. This charting activity will be counted as two test grades so please be sure your children are keeping up with their chart. I will be checking the charts daily.

-Review Packets - As we are beginning to review what we have covered this year before we take our end of the year tests be on the lookout next week for review packets. These packets will be treated as a homework grade; however, students will have approximately one week from when they are handed out. These packets will be very helpful to show which topics we should focus on during our reviews.

-Volunteer Check In – Please check with me or Mrs. Carr before coming in to volunteer. We have a lot of testing throughout the months of April and May, so the volunteer opportunities are not as open.

Spelling List

Science Review words

property	solution	mixture	texture	humus
Matter	habitat	nutrient	gravity	motion
