- Reading: Text & Graphic Features
- Phonics: short /u/
- Math: Fluency
- Science: Plants & Animals
- Social Studies: My School, My Community
- Art: Impressionism
- PE: Throwing/Catching Balls

Classroom News

Thank you so much for the donations for Election Day! The kids are going to have a lot of fun this afternoon! I can't wait to see who wins our election!

We start our second chapter in math which covers basic fluency and strategies. In a few weeks, we will start math fluency where students are timed for one minute to see how many addition problems they can get correct. We will practice a few times before earning a grade.

In science we will learn about life cycles! One of my favorite fall units! Followed up with my favorite fall craft.

HLA is going to have Pumpkin Day on Friday, October 30th. Your child will need to bring in a small pumpkin that day. Please write their name on the bottom. We will also have a fall party that afternoon. More information will be forthcoming.

Don't forget to have your child write their new spelling words on index cards over the weekend.

Wow! Determination
