

## Friar's Flower Patch

April 11, 2025

### Announcements

**Math** – We started our chapter on time measurement and intervals. So far, we have reviewed minute, half-hour, hour, a.m./p.m., and quarter after/to that means 15 minutes.

**Reading** – Our story this week was called “After the Storm.” This has been a relatable story as it takes place in Miami and talks about hurricanes. We focused on the main character and how she changes through the story.

**Science** – Our unit is on Earth and Stars.

**Art** – We finally finished the Saving Our Alachua County contest entries and are now back working on the Fjordscape with sailboat or ferry using soft pastels.

### Reminders –

Thank you for joining us on the lawn for lunch.

Sample F.A.S.T. Tests – found on [flfast.org](http://flfast.org)
