4/2/2025-FAST Writing Test!!
4/8/2025- 5th Grade Conferences
5/23/2025-Summer Camp Registration deadline!!!

Current Class Read Aloud:

We are listening to the read aloud **The Lion's Paw** by Robb White.

Science and Social Studies

We are currently studying the nature of matter (solids, liquids, gasses) in Science.

In Social Studies we are learning about the American Revolution. We heard about the four Intolerable Acts - where Britain levied laws against the colonies that were punitive in nature, and caused the colonies to ban together, instead of turning to Britain in submission.

Art News

3-5 haven't finished the fjordscape yet, but have jumped ahead to creating abstract art using lines and color gradients as an element of design with oil pastel and liquid watercolor.

Dudley Farms

4th and 5th grades went to Dudley Farms last Friday. The farm was hosting plow days. We saw a tractor pulling a plow and several old tractors on display. There was a real

blacksmith making nails the way it was done in the 1800's. Two women were crocheting on the back porch of the Dudley home. One was making a rug from strips of rags. We saw chickens and turkeys, and the family garden. The museum has a timeline of things that happened in the area, from before the first European settlers came to the 1970's.

Please be sure your child has a healthy snack. (Last Wednesday we gave out 13 snacks in one day.) There is NO FUND for this. It is coming from donations. Students find the snacks helpful and an important part of their day. Make sure your child has a great day every day! Send a healthy snack 😊
